Criteria - 8.1

Practice 1: Clean and Green Campus Initiative Objectives:

To build a plastic-free campus. To provide a neat & clean atmosphere,

Context: The college has constituted "Eco Club" and "Campus Beautification Cell" for creating and maintaining an eco-friendly and clean campus **Practice:** The Eco Club of the college has taken up many cleanliness and plantation drives. To make this campus completely plastic-free, biodegradable waste generated in the college campus is used to make manure. This manure is used for the plants on the college campus. **Evidence of success:** The motto of a plastic-free campus has been successfully achieved. **Problems encountered and resources required:** Looking after and maintenance of newly planted saplings is a challenge. The paucity of funds to purchase instruments and equipment is another issue.

Practice-2: Book Bank Scheme in Library

Book Bank facility is one of the demanded facilities in academic libraries as it caters to the needs of economically weak students. The college provides Book Bank facility to the students. The college library maintains a book bank mainly for undergraduate level text books to help the students belonging to economically and socially weaker sections of society. It has a rich collection of around 518 books in the book bank section. The library issues books to the needy students in the beginning of the session. All students who are availing the facility have to ensure returning the books provided to them within two or three days of completion of their final examination.
