Poster making on Drug abuse/Substance addiction

Date: 10/11/2023

Time: 11:00AM

Organizer: Red Ribbon Club

Venue: Room no. 5

Activity: Poster making activity

No. of Participants: 25

Report:

Substance use disorder, another name for drug addiction, is a brain and behavioral illness that makes it difficult for a person to regulate their use of drugs or medications, whether they are legal or not. Drugs also include substances like nicotine, alcohol, and marijuana. When you have an addiction, you could keep using the drug even though it hurts you.

Drug addiction can begin with experimenting with recreational drug use in social settings, and for some users, this can lead to increased drug usage frequency. For some people, especially those who use opioids, drug addiction starts when they consume prescription medications or get them from someone else who has a prescription. Each substance has a different risk of addiction and a different rate of addiction onset. Some drugs, such as opioid painkillers, have a higher risk and cause addiction more quickly than others.

You might eventually require higher dosages of the substance to feel euphoric. You might soon find that you need the medicine to feel well. You could find that it gets harder and harder to stop using drugs as your usage grows. When trying to quit using drugs, you could experience severe cravings and become physically sick. We term these signs of withdrawal.

Drug misuse affects people of all ages, from all socioeconomic backgrounds, and in almost every age group. However, drug misuse is more common among men than women, among singles than married persons, and among urban versus rural residents. Drug misuse is also more common in younger people, prisoners, and homeless people. In order to aware students about drug abuse and substance addiction, Red Ribbon Club of Atal Bihari Vajpayee Govt. College Naura organized a poster making event in Room

no. 5. Students were addressed about the curiosity and peer pressure of drugs and how to handle it. About 25 students participated in poster making activity.

Career Guidance and Placement Cell organised Seminar on communication skills and Career opportunities. The resource person was Dr. Roshan Lal Sharma professor of English in School of Languages Central University of Himachal Pradesh Dhasamshala. He apprised the students about why communication skills are essential and also discussed about Career opportunities. He said that being able to communicate is a basic life skill that proves beneficial to all of us. He talked about that without well developed communication skills, students run the risk of falling behind their peers. He also added that to communicate is to express yourself, in either written or oral form. Communication can also be in nonverbal sense, through gestures, body language, or other physical forms of communicating a point or expression. He also advised the students to prepare themselves thoroughly and give some important tips to prepare for competitive examination. The lecture was very informative and motivating.

The resource person was Prof (Dr) NN Sharma Pro Vice Chancellor, Sai Sai University, Former Dean Academic HP Technical Univ.

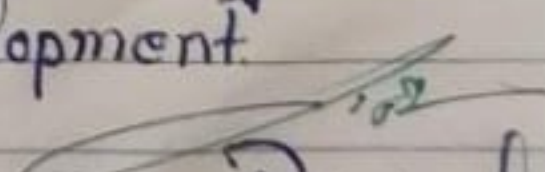

He apprised the students about how they can improve communication skills. With quickly changing technology and expanding globalization, it seems we are living in an increasingly communications-driven world. There are very few professions where employees can thrive without communication skills. He said the advent of the internet caused some observers to mourn the imminent death of personal written correspondence, but the reality couldn't be further from the prediction. Communication with others through texts, social media, and email is increasingly important.

Technology has knit together the world. In He also added in your personal life, good communication skills can improve your personal relationships by helping you to understand others and to be understood. He also advised the students over the course of your lifetime, you are likely to have to interact with a wide range of organisations and institutions, government offices, and schools.

He also talked about common career challenges and give some tips for future development.
